College of Agriculture

COLLEGE OF AGRICULTURE

JUNAGADH AGRICULTURAL UNIVERSITY

KHAPAT (PORBANDAR) - 360 579, Gujarat

Phone : 98252 11843 / E-mail : coakhapat@jau.in

About the College :

The District Porbandar is situated on the beautiful seashore of Arabian sea in southwest parts of the Gujarat. Porbandar is very well known globally for the birth place of Mahatma Gandhi, the father of nation who taught a lesson of non-violence to the present day world. It is also famous as "Sudampuri" in India. The Agricultural technology plays a very crucial role in increasing production and productivity of agricultural crops, thereby, increasing the income of farmers. Therefore, the college of agriculture is very important to prepare a good researcher, educationist and extension personnel. To foster this need the College of Agriculture, Khapat (Porbandar) has started functioning in the year 2016-17 as a constituent college Junagadh Agricultural University with initial intake capacity of 30 and now 44 students.

Mission/Goal:

The goal of the college of Agriculture is to be the best teaching institution by imparting qualitative teaching, research and extension education in agriculture that serve the farming community of the nation. The college is dedicated for effective and excellent education, research and extension programmes which is the prime need of its constituents.

Objectives:

- To impart higher education in agriculture science and technology to create a cadre of agriculture professionals to meet the demand of agriculture sector of the state in Gujarat.
- To prepare ample human resource to carry out basic and modern applied research in agriculture and allied fields.
- To cater the need for knowledge workers in our rural society and focus on life time employability rather than lifetime employment.

TRANSFER OF TECHNOLOGY

The College of Agriculture is playing crucial role in dissemination of agricultural technology through participating in many extension activities of KVK, ATMA, FTC and Department of Horticulture. The teachers of college are actively involved in major extension programmes organized by the above mentioned departments. The main extension education activities of the college include the diffusion of research findings to the farming community and to know their feedback. In addition to this, it also participates in different activities like farm visit, village meetings, agricultural fairs, KishanGoshthi, exhibitions, etc. The teachers are also providing the guidance to farmers through radio, television, social media and printed media. The faculty members motivate and inspires the young farmers to participate in various events organized by Agricultural universities.
