## Why Horticulture ?

## History

The College of Horticulture is a constituent college of Junagadh Agricultural University with its direct administration. It started from the year 2012 as the first Government College of Horticulture in Saurashtra region. It was sanctioned as “Establishment of Horticulture Wing at Junagadh”. The college is awarding the B.Sc. (Hons.) Horticulture degree. It also awarding the degree in PG and Ph.D. programmes in Fruit, Floriculture and Vegetable Science. The College has been accredited by ICAR, New Delhi. Its mandate is to produce professionals, scientists, entrepreneurs, under graduates, post graduates who will be the guiding force for the welfare of farmers directly or indirectly. The college also works to improve socio-economic status of the farmers as well as imparting horticultural education to the students.
